

AGA-LED® GENERATION 2

After years of development, we have achieved a new technological breakthrough with our 2nd generation AGA-LED®.

From the beginning, we have used Nichia's high quality LEDs and therefore we can guarantee 5 years on all our AGA-LED® lighting units.

Technically, we have obtained new color temperature of 2000K and stronger light output of 40% compare to 1st generation. The prices have also been decreased by almost 1.6.

Reference	FESTOON	RIGID LOOP	CLIP 4 POSITIONS
			
LED Dimension	45 x 12 x 2.7	43 x 12 x 2.7	42.2 x 12 x 2.7
